CARROT CUPCAKE TOPPER INSTRUCTIONS
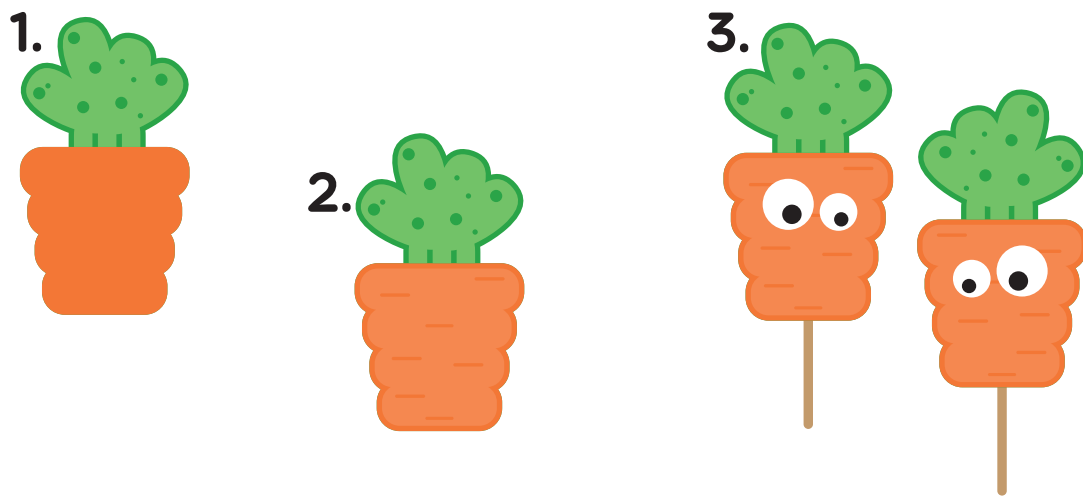

LAYER 1. Adhere the dark orange carrot shape and the light green stem on the green base.

LAYER 2. Use dimensional foam squares to adhere the light orange carrot design on top.

LAYER 3. Tape or glue tooth pick on back.

Tips:
- Carrots can face either direction depending on which side of the cardstock you adhere the layers to!
- Dimensional foam and googly eyes are a fun way to dress these up for kids!

As a reminder, this SVG cut file comes with a Limited Commerical License allowing this design to be used up to 50 times to create items for sale, such as t-shirts, mugs or signs. There are no limit for personal items created with the design which are being given as gifts and not sold for profit.

You may not:
- Sell the digital files in any format
- Share, transfer, redistribute or make any free file downloads from my art
- Edit design details for your finished pieces, besides changing the colors
- Use my images to sell your products.
- Claim as your own art or add copyright symbol. Spot of Tea Designs owns the copyright to this art.

Please note:
- Due to the nature of this instant download item, returns are not available. Please contact me via Etsy message or email (tara@spotofteadesigns.com) to discuss any issues.
- An unlimited commerical license is not available for Spot of Tea Designs items, as this time.
